To guide the task flow, Meg is a busy mother of two high school children, Jen and Tom. She works full-time and struggles to pack healthy lunchboxes for the school and work week. She needs a convenient and easy solution to help her plan her lunchboxes in advance to remove the stress of the school morning lunchbox packing scramble. This leads to her finding the *Lunch Thyme* solution. The following task flows details this scenario within the prototype.

## **Task Flow:**

1. Enter the app
2. As Meg, you see the notification that it's time to plan your lunchboxes for the week, begin planning your lunchboxes.
  - a. Meg's Monday Lunchbox: Egg sandwich, carrot sticks, crackers, cheese, grapes (from family favourites).
  - b. Meg's Tuesday Lunchbox: Search for ham sandwich, cucumber, almonds, cheese, kiwi.
  - c. Meg's Wednesday Lunchbox: From family favourites > Lunchboxes > Meg's
  - d. Meg's Thursday Lunchbox: From family favourites > Lunchboxes > Meg's
  - e. Meg's Friday Lunchbox: From family favourites > Lunchboxes > Meg's
3. Check Family Progress so far
4. You can see your weekly goal. Find out some dairy recommendations.
5. You see custard pudding as an interesting lunchbox snack, add it to your favourites.
6. Check out the rest of the food groups in Learn.
7. Continue to the community page
8. You really like what Ava took to lunch and you spot her on the leaderboard, give her a like (double tap heart from "Meg")
9. Save Ava's lunchbox to your favourites so you can try it out next week (double tap Meg's Favourites)
10. In the family feedback chat, send a message saying you loved Ava's lunchbox idea
11. Now Jen has come past the kitchen and is ready to plan her lunchboxes - go Home.
12. Begin planning Jen's lunches
  - a. Jen's Monday Lunchbox: Family favourites > custard pudding
  - b. Tuesday: assume already completed
  - c. Wednesday: assume already completed
  - d. Thursday: assume already completed
  - e. Friday: assume already completed
13. As Jen, check Family progress
14. Now come to community.
15. Send a message in the Feedback chat to congratulate your school friend Joe on being first place and tell him you like the stir fry he took.
16. Give Joe a like on the leaderboard (double tap heart from "Jen")

17. Now Tom has come past the kitchen and he is wanting to plan his lunchboxes - go Home.
18. Begin planning Tom's lunches
  - a. Tom's Monday Lunchbox: Family favourites > Meg's 2nd lunchbox
  - b. Tuesday: assume already completed
  - c. Wednesday: assume already completed
  - d. Thursday: assume already completed
  - e. Friday: assume already completed
19. After planning his lunchboxes, Tom sees a notification that another family has sent a cheer, continue to community.
20. Send a cheer to the other families in response.
21. It's now a few days later and, as Tom, after seeing everyone's healthiness ratings you realise you have the lowest stars in the family, you want to find out why so you head to family progress.
22. You want to see what your mum and sister Jen have been taking in their lunchboxes, so you go back to the main home page and check out some of their lunchboxes in more detail - you see they have healthy fruit options which you might consider for next week.
